WELCOME TO BONAIRE

Once a salt producing outpost of the Dutch Trading Company, modern day Bonaire is a diver's dream for its pristine marine ecosystems and oceanic wildlife. Although it's the "B" in the "ABC" islands, Bonaire has charm and charisma decidedly different from its Dutch siblings. Bonaire's natural wonders and laid-back ambiance are the main attractions here, with over 20 golden sand beaches to choose from. Adventurers can slip on fins and spend the day diving; or if dry fun is more your speed, book a trip to see the island's historic salt ponds and visit Washington Slagbaai National Park where you can spot the island's illustrious pink Flamingo residents.
